Reliability

The Silent 610
Taximeter

Established in 1968, Centrodyne is recognized world-wide for its superior taximeter products. Industry leaders, both large and small, rely on our Silent 600 family of taximeters and accessories for worry free operations.

Why ?

- *Unsurpassed quality and reliability*
- *Taximeters with the most advanced features*
- *Customer service that you deserve*
- *Competitive Pricing*

The Silent 150
External Printer

The Silent 620
Printing Taximeter

Each of Centrodyne's taximeters are ergonomically designed and come equipped with automatic calibration, built-in speed signal divider and amplifier, and over twenty user choices and options such as :

- *Interface for computer dispatch or other devices (via RS232)*
- *Security/Anti-Theft Password (prevents use in case of theft)*
- *GPS Location (receive position data from meter)*
- *Credit Card Swipe (accepts all types of cards)*
- *Electronic Serial Number (removable meter works only with accompanying bracket)*
- *Daily Driver Totals*
