

TaxiCam[®] by VeriEye

Making Taxis Safer

There is no doubt – criminals are camera-shy! Comparative studies and countless testimonials affirm that theft and violent crime are significantly reduced in cabs outfitted with cameras. It is no wonder then, that in major cities around the world, in-vehicle digital photo surveillance is becoming the preferred approach to cab security. Cameras are an effective crime-deterrent, and TaxiCam[®] by VeriEye Technologies has set the standard for features, reliability and value.
